UNITED KINGDOM

LYNN HERITAGE, is the President of FGBMFI for the U.K.

I was married in 1974 and by 1979 I was working in Saudi Arabia with my wife Yvonne. Upon our return to the UK, I worked for one of the Johnson and Johnson Companies and eventually became the Export Manager to the Middle East. I travelled to Israel and walked the Straight Street in Damascus - all at my company's expense and stayed at good hotels wherever I went; but there was emptiness in my life that I could not fill.

One day, while I was praying at a hotel in Jeddah, I felt Jesus

holding my hand. He spoke into my heart and told me that the vicar was wrong and that He had accepted me as His own. Jesus went on to tell me that He had work for me to do. That was the turning point in my life; the encounter left me with a sense of purpose.

Leading FGBMFI in the United Kingdom is a great honour. Yet I felt the urgency in my heart in doing this assignment since the Lord told me that we only have two years to open as many Chapters as possible.

The Directors and I realize that we have a big task ahead. While we have significantly increased the number of new converts at our meetings, but for the good of the nation, we must reach out to many more.

Richard Shakarian suggested that Humberto Arguello and Roger Gonzalez be sent from Nicaragua to help us. This was a great opportunity for our leaders. During their stay with us, they

visited almost every Chapter. It was apparent that Humberto was a godly man. He helped us to focus on effective ways to go forward, and did not just talk the talk, but also walked the walk. He and Roger joined the Oxford Fire Team in their outreach, leading men to the Lord.

We realized that to accomplish this great task, we needed to increase our commitment to the Lord. Thus, the leaders

unanimously agreed to change the meetings from monthly to weekly meetings.

We have begun the monthly training where new believers are trained to be fishers of men. Despite the challenges ahead, we are confident of achieving the goal. We look forward to the help extended by teams from other nations.

FGBMFI in the UK needs men who are committed to God. We

are offering the opportunity of a lifetime - that is, to be a part of the Lord's exciting end time plan.

LYNN HERITAGE, is the President of FGBMFI for the U.K. Lynn Heritage is a veterinarian and a business entrepreneur. He and his wife Yvonne are committed to reach the spiritually lost in his nation as they discover that people are as hungry for spiritual help in the U.K. as they are in Latin America.

They recently introduced the FGBMFI Fire Team Outreach with special training by Humberto Arguello and Roger Gonzalez.

The Happiest People

IGOR SOLOVIOV

UKRAINE

I just turned 12 years old when my Dad deserted my Mother and me. That day, my happy childhood days were over. We were very poor. I spent a lot of time out with my friends on the streets. At the age of 14, I started drinking, smoking and using light drugs. My mother's salary was very low, but I needed pocket money.

Igor Soloviov is the President of FGBMFI Ukraine.

So I would get together with friends and went to the main roads to steal goods from the trucks at night. Sometimes we were arrested by the police, sometimes punished by the drivers of the trucks, but we never thought of the danger since we often did it in a drunken state.

At the age of 16, I had a girlfriend and got involved in “an unhealthy” relationship. I continued to come back to the big road.

I was 17 years old when I heard the Good News of salvation through Jesus Christ, and both my girlfriend and I gave our lives to God. We left our former lifestyles and trusted God for our future. We were married at 18 and learned to love each other.

The Lord met all our needs as we learned to see the needs of the people around us. At the age of 20, I met my father and told him about God’s love; this brought exceedingly great joy into my heart. I told my father that just as God has forgiven me, I too, have forgiven him and was willing to help him any way I could. My

father gave his life to God.

So the new life began; the Lord Jesus became my best Friend who never forsook me and was always by my side. Over time, we established our own companies with many employees, customers and good friends. We participated in social programs to help the poor and often held meetings and dinners for employees, customers and friends. During these meetings we would tell people about our Friend Jesus.

God has also been blessing us in our personal lives. The Lord has given us three wonderful children (two sons and one daughter). We bring all our needs and concerns to Him through prayers as we continually put our hope in Him.

In addition to my family and business, I was also involved in politics which took a lot of my time, physical strength and finance. Much work needed to be done as my team and I upheld the law and justice in politics. It seemed to me at that time that I was going to be a great politician. I had good friends, relationships, and great expectations.

In 2010, the presidential candidate from our party won the election. Our hard work was not in vain; we were appreciated and given certificates. I took a position of a Governor which was offered to me in one of the regions.

That same year I met Richard Shakarian in Kiev. I read the "The Happiest People on Earth" book and held similar dinners several times before; so it was a great honor to meet him. That time, I realized that God is preparing something new for Ukraine! It seemed to me that I could contribute more to my country through my political career, but at the same time I realized the huge potential God laid upon the Full Gospel Businessmen Fellowship. I prayed and asked God for His will in my life.

A few months later I visited a Chapter in Moscow. During the dinner, I wrote down my needs and wishes. Since then a new chapter in my life began. A month later in January 2011, we had our first dinner for the businessmen in Kiev. This was how the first chapter in Ukraine started. In June 2011 my wife and I attended

a FGBMFI conference in Moscow. We met Richard and his wife Vangie who prayed for God's will to be done in our lives. We returned to Ukraine and continued to work with the Fellowship. Not long after, we had a miracle - we sold the company that had given us problems. When we concern ourselves with His work, He will take care of our affairs.

We continued to hold meetings at the chapters, visited various cities of Ukraine, and distributed books. In March 2012 we visited Nicaragua and participated in the revival meeting. This trip became a key event in our ministry. We received the answers to all our questions and improved the work of the Businessmen Fellowship in Ukraine.

It was in this revival meeting that I realized the most important task of a businessman - to be involved in God's most important business - saving the souls of men. With this understanding, we continued to do the work of FGBMFI in Ukraine with new strength.

Today, in 10 major cities of Ukraine, new chapters have been

established. During this time we have held two international seminars where teams from Russia actively participated.

We see that God is stirring up hearts for His work in the Fellowship. Dozens of people joined the work, hundreds attended dinners, listening and telling simple stories of their personal lives. People who previously experienced family problems, severe financial circumstances, and depression, have shared about the Friend who helped them become the happiest people on earth. Many Christians, who were disappointed with difficult circumstances in their lives and had stopped testifying about God's love, were able to

share their joy with people on the streets, at work, and in public places.

Many businessmen who went through crisis in their companies begin to realize the importance of people working for them. Souls become priority for people who joined the Fellowship.

The Lord has put on the hearts of the businessmen to purchase many "The Happiest People" books. These books are distributed throughout Ukraine and become so popular.

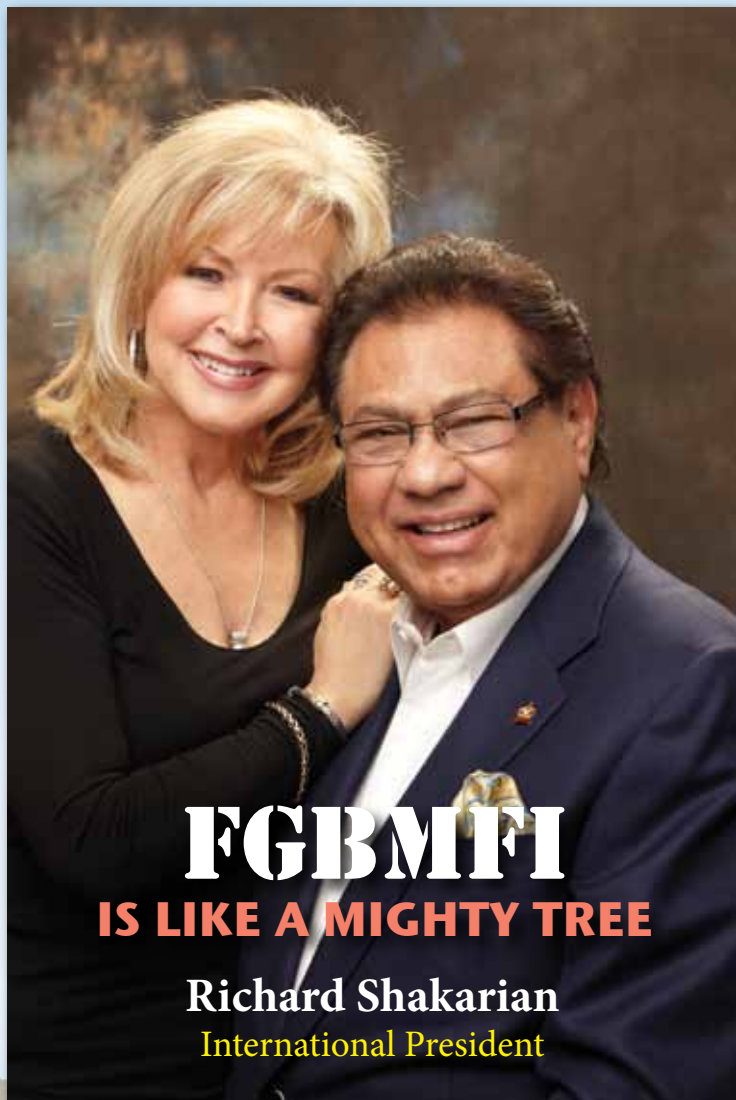

Simple stories of people's lives, simple words addressed to God - we are "Still The Happiest People."

Igor Soloviov is the President of FGBMFI Ukraine.

As a former governor, he did much to help his people.

He is now impacting the entire nation - in just a few months, 10 chapters with hundreds of members have been opened.

Short Inspiring Story

The Obedient

Cockchafers

Margaret
HUNGARY

My name is Margaret, a member of FGBMFI Chapter in Dabas, Hungary. We are in the stock farming and cultivation business, where we produce corn and maize in rotation on 1.5 acres of land. One day as we were going to harvest the products, we were appalled by what we saw. The whole field was covered by millions of cockchafers. Never in my life have I seen that many bugs!

Desperately I walked up and down the field when I suddenly remembered:

Malachi 3:11 And I will rebuke the devourer [insects and plagues] for your sakes and he shall not destroy the fruits of your ground, neither shall your vine drop its fruit before the time in the field, says the Lord of hosts.

This is the promise of my Lord for me! So I immediately shouted out loud: Lord, I command these bugs to disperse! The very next morning I experienced one of the greatest miracles I've ever seen: The bugs were gone! Not a single one was left on the field! I checked the whole field and couldn't find even one! So the fruits of our labour were saved.

Glory to God! You too, should try this!

INDONESIA**

*Ir. Bernard Njotorahardjo is the National President of FGBMFI
Indonesia*

I was born the second of three children in a Christian family in Bondowoso, a small town in East Java, Indonesia. Our grandmother (grandma) feared the Lord and always encouraged her grandchildren to pray and read the Word faithfully since we were young. She would check on us to make sure that we did our Quiet Time with the Lord before going to bed. This became a good habit for all of us. Even during vacation, we would try to get our Quiet Time as fast as possible before we played into the night, so that when grandma asked us before bedtime, we could say, “we’ve done it,” and were allowed to sleep.

Grandma always taught us to be diligent and faithful in our giving to God. She would prepare new bank notes for the offering at church and would say to us, “we have to give God our best offering.” Even when we did not have new bank notes, grandma would iron the old ones so that they could be offered in the best condition.

My mom (mother) was a Sunday School teacher who never stopped encouraging her children to serve the Lord. In her prayers, she asked the Lord that my brother (Niko), my younger sister (Kristin) and I would become

pastors so that many people would experience salvation, hope and joy in the Lord Jesus the Savior and the Prince of Peace.

I truly believe that God answers a mother’s prayers for her children. When parents sow the truth in this life, their descendants would experience the blessings of God.

Dad (father) was honest and disciplined in doing his job. One day, he was laid off from his leadership position in the branch office due to the change of management. This forced Niko and I to quit school in Malang because of our financial condition.

In 1965, we moved back to Bondowoso from Malang and continued our school there. To finance our education, my parents worked hard by selling fried peanuts through street vendors. Once, my father asked me to deliver the nuts to the

He, who used to be a director and rode in cars, was not embarrassed to sell fried peanuts to support his family.

This incident taught me to face life's changes with courage and responsibility. Do not be afraid to

cigarette kiosks and the vendors, but I refused to do so because I was embarrassed. He did not reprimand me. Instead, without much word, he took his old bicycle and delivered those nuts himself. I was taken aback by the incident.

face life's challenges; face it with courage and sincerity in the Lord Jesus, because in Him, THERE IS ALWAYS A WAY OUT!

Time passed and eventually my dad found a job and was

offered a leadership position in the company. This promotion enabled us to continue our education at Kristen Petra University in Surabaya, where Niko graduated as an Agricultural Engineer and me as a Civil Engineer. It was there during orientation that I met a beautiful lady, Linda; we were married in 1973.

I am grateful to God for giving Linda as my wife. She grew up with strong Christian values and was wise and disciplined in teaching our three children Olivia, Raymond and Herbert to love and respect God. When couples agree in prayer, God always provides the way out despite the challenges. He is amazing and constantly performs miracles in

our family lives.

One day, an incident that left a mark in my heart took place. Raymond, our then 8-month old son, suddenly had a seizure while being fed. His eyeballs rolled inside out and he could hardly

breathe. In panic, we immediately took him to the doctor who suggested that he be brought to the hospital. After going through a long check up, the doctor explained that he could be suffering from encephalitis (inflammation of the brain). This could cause serious

damage to his brain and even death. We were extremely discouraged.

I told Linda that we should accept the worst. My wife, however, fully believed that God

would heal Raymond because when he was still in the womb, we dedicated his whole life to God's service. These words of faith brought me to my senses. Holding our hands together, we prayed in agreement and pleaded with God, "Lord Jesus, please help Raymond!"

Not long after we were done praying, while Linda was still holding Raymond's hand, miracle happened. His unresponsive hand suddenly began to move, and almost at the same time, we saw his eyeballs returned to normal! Raymond was completely healed! Glory to Jesus!

We have seen many great incidents and miracles take place. In 2011, God called Linda home to be with Him. With tears of joy, our whole family ushered her departure to the Father's House.

I came in contact with the Full Gospel Businessmen's Fellowship International in 1982. I was then attending the Asian Convention in Singapore in which the speaker was Pastor Cho from Korea. Gradually, I began to be interested in FGBMFI when I saw how God used ordinary people and sinners,

to be conquerors who led people to Christ. Even businessmen and professionals from different churches and denominations were able to work in unity and serve their friends in the marketplace. These people experienced God's love; in turn, they testified to others about His love. Many who were living in bondages of drugs, affairs, diseases, financial difficulties, were delivered from their problems by God.

These redeemed people would then gather together with joy and grew in their Christ-like characters in FGBMFI whose motto is His Banner Over Us is Love. Indeed, we do not deserve His love and are saved only by grace.

Through this testimony, I desire that each of us will know the Lord Jesus who gives us eternal salvation and a hopeful future personally!

Ir. Bernard Njotorahardjo is the National President of FGBMFI Indonesia and owner of a contractor company PT Karya Anugerah Unggul. He and his late wife Linda are members of a Presbyterian Church, GKI Manyar, Surabaya.

Dr. Pierre FWELO
DR CONGO

Being a doctor has been my life-long dream since childhood; it was the purpose of my life.

The choices I made in school and the way I acted in my youth were directed to my goal of being a doctor. Attending good schools, getting good grades, receiving compliments from my teachers and family members, made me a proud individual.

VOICE 23

I lived the way youngsters in my generation lived – with the attitude that I was in control of my life. At the end of my studies in medical school, I experienced some failures at the hospital practice despite of all the theories I had learned. It was a total disappointment to me since I always thought that a doctor was like “god on earth.”.

In 1990, I was invited to FGBMFI meeting at the Intercontinental Hotel in Kinshasa (DRC). Testimonies of God’s love in the lives of businessmen touched me. That day, I gave my life to Jesus Christ and received Him as my Lord and Savior, and was also baptized in the Holy Spirit.

Since then, I have a personal relationship with Jesus. He speaks to me; I know His voice and am submitted to Him. What a joy it is to have the assurance of salvation and to be a child of God who lives victoriously over the flesh and sin. It is such a privilege to have a non-perishable and eternal legacy. He provides all my needs as my eyes are fixed on Him. During hardship, He never ceases

to support me. In Him I am more than a conqueror.

God spoke to me personally to serve Him in this Fellowship. I found a great family among the brethren; the love and fellowship provide a strong support system for me.

Scholas and I have been involved in the same Chapter for 2 years before we got married in 1992. We are witnesses of God’s faithfulness in our marriage, family and workplace. We are blessed with four children: Pierre (19), Suzy (17), Grace (14) and Samuel (9). They regard me as a caring and loving husband and father.

For many years I worked as FGBMFI leader among young people in my nation. It was a very important time in my Christian walk since I knew that the Lord wanted us to invest our time in the youth. I saw many lives were saved and transformed. Desperate hearts found their joy and love in Jesus as chains of darkness were broken and captives were set free. Through this Fellowship, I am able to discover and grow in the gifts that God put in my life.

For nearly five years, God has been revealing to us the direction of FGBMFI in our country and the region of Central Africa. This has never been my ambition since I first joined in 1990. The Lord continues to lead us to achieve the goal of this ministry by encouraging the members and working towards raising new leaders who would take ownership of the Vision and Mission of FGBMFI.

FGBMFI is a powerful instrument used by God to touch leaders and elites in our Nation. So far, there is no other institution in the Republic that has brought good impact to the people as much as this Fellowship. In 1998, FGBMFI- Democratic Republic of Congo received God's vision to send "Fast Messengers of FGBMFI" to testify about God's love to the nations.

We are called as missionaries to our nation, Central Africa and in the Francophone countries. In turn, we have also been blessed by the visits of FGBMFI members from other nations. We fully support the Fellowship and continually pray for our World Leaders whom God has

positioned over us and from whom we receive the anointing to accomplish the Vision.

In rural areas i.e. East of the country, Chapters are located in villages. Here, where wars still take place, people experience Jesus' peace through the Fellowship's involvement.

By the grace of God, from January to mid July 2012, we held 468 episodes of fire teams, 17 Regional Conventions in different cities, 1 National Convention and we have impacted nearly 25,000 people. From August to December 2012, 23 Regional Conventions are scheduled including 1 youth National Convention and 1 Ladies' National Convention.

My wife and I own a modern eye clinic in Kinshasa, our Capital City. God blesses and supports our business even through the global economic crisis. By His favor, we have vast customer base and good resources. Beyond my knowledge and reputation as an ophthalmologist, God has given me a special gift - the gift of healing.

Wherever I am, at work, home

or elsewhere; whether or not the circumstances are favorable, I am conscious of my duty as a witness of Jesus Christ in the world.

My joy and happiness are based neither on my reputation nor my position in FGBMFI; but on my identity as a son of God and joint heir with Christ. I am just a humble servant serving my brothers as we await Jesus Christ's second coming.

My name is Gabriel R Jacquez. I am 54 years old and have been married to my wife Susan for 33 years. We live in Visalia, California, USA and have three grown children. I have been in the automotive repair business, which I currently own, for over 30 years. My vision for FGBMFI in the USA is to bring people back to Christ, which is the foundation upon which this country was founded.

I was living a worldly lifestyle

during the first ten years of my marriage. My ambition was to make as much money as possible, thinking that money would bring me happiness. My relationship with my wife was deteriorating to the point that she was seeking a divorce. During the lowest point of my life, I cried out to God. I began to read His Word in Romans, which stated that He would give us His powerful Spirit. I was filled with the Holy Spirit and my life was transformed.

God restored my marriage, and my wife is now my best friend and my business partner. I can honestly say that I am a rich man, not so much in finances, but in having a great marriage with excellent family relationship. I could not ask for anything better. Prior to this

encounter, I used to know God only with my mind. However, through the Holy Spirit I am able to experience Him personally in my heart.

Being a member of the Full Gospel Businessmen Fellowship for over 15 years has taken me to a higher level in my marriage, family, business, and ministry. It has greatly challenged me to be an obedient man of God who can stand up for righteousness. Even when the world encountered economic crisis, God sustained us. Not only did we survive, but we continued to thrive financially. I owe all of my success to God's favor.

The word that the Holy Spirit has given me through all my trials is "PERSEVERANCE". When my life turns upside down, I rely on God's Word and promise that He would give me His wisdom to overcome any obstacles.

1 ACKNOWLEDGE
"For all have sinned, and come short of the glory of God." (Romans 3:23)
"God be merciful to me a sinner." (Luke 18:13)

2 REPENT
"Except ye repent, you shall all likewise perish." (Luke 13:3) "Repent therefore, and be converted, that your sins may be blotted out." (Act 3:19)

3 CONFESS
"If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." (1 John 1:9) "If you confess with your mouth the Lord Jesus, and believe in your heart that God has raised Him from the dead, you shall be saved." (Romans 10:9)

4 FORSAKE
"Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the LORD ... for He will abundantly pardon." (Isaiah 55:7)

5 BELIEVE
"For God so loved the world, that He gave His only begotten Son, that whosoever believes in Him should not perish, but have everlasting life." (John 3:16) "He that believes and is baptized shall be saved; but he that believes not shall be damned." (Mark 16:16)

6 RECEIVE
"He came unto His own, and His own received Him not. But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name." (John 1:11-12)

WHY NOT MAKE YOUR ETERNAL DECISION NOW?

"Lord Jesus, I believe You died for my sins and I ask your forgiveness. I receive You now as my personal Savior and invite You to manage my life from this day forward. Amen."

YES! I have made my eternal decision. I have read the Six Steps to Salvation and have asked Jesus to be my personal Savior.

Please send me the booklet "Now That You've Received Christ."
